Fill out the form next to this flyer and follow the instructions below to gain access to the six online practice tests and the six chapter tests specially designed to test a student's knowledge of the content in the book below.

70 Times 7 Math (An All-In-One Math Book for Grades Kindergarten Through 5th)

- See page 15 of the textbook for more information about the online tests.

Login information for computer-based tests: Once you are enrolled (which can take up to two business days after submitting the enrollment request form), you will receive an email with a temporary password. Note that the **username** will be the email address you inserted in the form. After receiving your password, please go to the Moodle address below to access the tests. The first time you log into Moodle, you will need to change your password and read and agree to Moodle's policies. From the dashboard, click on the course you are enrolled in (this is the title of the math book you are using) and then the title of the test you wish to take, followed by enter. If the test is too small to read, click the button showing four arrows on the bottom right side and check "Full Screen."
